CUT SHORT BY RAIN

Two Good Races Pulled Off at Terre Haute.

BAD DECISION OF THE JUDGES

age Captured \$2,500 S-Year-Old take and Lady Roberts That for 4-Year-Olds.

Penan Havre, Ind., Aug. 16.- Two of races had been pulled off at the go county fair races today when rain Vigo county fair races today when rain cut the sport short. In the 3-year old trot class 2:40, Image was a hot favorits, but in the first heat Wilmarch, after a had break, cuptured the heat, coming from the half in 1:60%. The judges made an unfortunate decision in the second heat, overlooking Wilmarch in a terrifle drive home on the outside. The 4-year-old stake was captured by the 3-year-old Lady Roberts. Summaries:

hree-year-old trotters, stake \$2,500 age, b f, by Delmarch (C. Doble. 2 1

Four-year old trot, stake \$2,500, any Roberts, by f., by Robert L., dam Myra by Unx, Campbell Bros., Roshelle, Indiana, (Campbell)....3

PIXLEY WON THREE STRAIGHT.

Rocusserse, N. Y. Aug. 16.—This, the second day of the Eochester meeting of the grand circuit, proved another favorable day. The crowd was much more satisfactory than that of the first day, but it even did not meet the expectation of the management.

In the 215 class Picket the favorite

In the 2:15 cines Pirrey, the favorite, had Anote as an opponent. The charge was made by Anote's backers that he was being saved for the Fleetwood track week after next.

In the 2:40 3-year-old class there was but three starters, and the event was an interesting.

2.40 class, purse \$2,000. Fantsey, b f, by Chimes, dam by Al-pussarch, Village farm (G.ers)....1 Pime, 2:2114, 2:21, 2:1314.

2:15 class, purse \$2,000. sh, Aline, Grace Napoleon, Jennie es, Instant, finished in the order d. Time, 2:124, 2:114, 2:134.

Bennie C, Jessie Sheridan, Happy Lady, Hambritonian, Caridon, Arling-ton, unished in the order named. Time, 1174, 2:1174, 2:1074

Monmouth Park Races Monsouth Park. N. J., Aug. 15.— First race, six furiongs—Defargilla won, Kingston second, Chesapeake third; time, 1:13.

Fifth, mile and one-sixteenth-Con-tent won, Dolly McCone second, Craft third; no time taken. Sixth, five furlongs-King Mac won, Shoshone second, Fitzsimmons third;

Bacca Postponed.

FORT WAYSE, Ind., Aug. 16.—On account of rain today's races at the Fort Wayne driving park were postponed until tomorrow afternoon, when if possible the events of both days will be curried out, making it the bunner day of the most. Some surprising records are anticipated and much speculation is rife.

No Races at Lausing. Laxuren, Mich. Aug. 16. The rain this morning softened the track so that racing was impossible. Today's program will be taken up tomorrow.

Percapeurers, Ang. 16.—The pacer. Suladin fulled in his attempt to break the pacing record today. His best than was 2.05. Patient in His Attempt,

Preacher Gone Crazy.

Jacusce, Mich., Aug. 16.—A Waterico farmer named Rumbard, as a result of brooding over crop prospects, has gone completely daft; so violent that his friends are considering the advisability of having him sent to the asylum at Kalamasoo. Mr. Rumbard is a retired preacher. He for many years, was a methodist divine, filling pulpits at Grass Lake, Leoni and other places throughout Jackson county, has many friends and ta highly esteemed. His ago is about 60 years. Some weeks since he was affected by the heat while at work in a hay field. This, added to the fact that he was fearful of a poor crop of corn and late potatoes in consequence of the prevailing drought, unbalanced his mind, and left him a wreck of his former self.

Effectually yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without ir-ritating or weakening them, to dispel headaches, colds or fevers, use Syrup of

A Splendid Machine That Is Offered Free

for Sixty Herald Subscribers.

for Sixty Herald Subscribers.

The Young America 215 Long Distance Safety is made of steel and wood so combined as to secure the lightest and strongest machine. The frame and wheels are made from the best quality second growth hickory, which is selected instead of steel for these parts because it combines great strength and toughness with lightness.

An all-steel machine made heavy erough to withstand the hard usage to which it is subjected is so heavy as to be a serious drawback to its universal use by young people. Again, the steel machines, without the greatest care being taken to keep them clean and dry, soon become rusted and therefore easily broken; whereas a machine made of steel and wood will not suffer from exposure any more than a carriage

steel and wood will not suffer from exposure any more than a carriage

A hickory framed and wheeled safety is not only more durable and lighter, but it is much more elastic, and the loss of the vibration and rigidity found in the all-steel machines makes these steel and hickory machines more comfortable for riding than any other machine made. The cushioned seat is suspended on our patented spiral spring, adjustable to varying heights and weights, and this, in combination with the hickory frame, makes the easiest possible riding machine. The sprocket wheel chain is perfectly adjusted, so as to utilize the ful amount of power expended, and is made so strong as to be practically unbreakable. The patented head, found only on this machine, is a triumph of American ingenuity, and makes the wood and steel conjunction perfectly strong and firm. For these parts only the best imported weldless steel tubing is used. firm. For these parts only the best imported weldless steel tubing is used. The rubber cushion tire is secured to the wheel rim in such a manner that it is guaranteed not to become detached or loose. The wheel bearings are a brass collar so delicately adjusted to the steel shaft as to reduce the friction to a minimum, and render the usual ball bearings superfluous. The principle upon which they are made is the same as is used in constructing heavy machinery, where the greatest amount of work must be secured from the least expenditure of power. The entire machine work must be secured from the least expenditure of power. The entire machine is finished with a heavy coat of glossy black enamel, making a finely finished solid surface, which, when lightened up by its delicate striping and nickeled head frame, makes a most beautiful machine, which for tasty appearance as well as positive durability and general wearing qualities is absolutely unexcelled, if equaled, by any machine offered. The quality of materials used and the workmanship are fully guaranteed in every particular. Read The Herald's add. to learn how to get a machine free.

THE TEMPLE OF THE MIND -FEARFULLY AND WONDER-FULLY MADE."

Behold this ruin; 'twas a skull Once of etheral spirit full; This narrow cell was life's retreat. This space was thought's mysterious

what beautieous visions filled this spot, What dreams of pleasure long forgot; Nor hope, nor love, nor joy, nor four Have left no trace of record here.

Beneath this mouldering canopy
Once shane the bright and busy eye;
But start not at the dismal void
If social love that eye employed;
If with no lauless free it gleamed,
But through the dew of kindness
beamed,

That eye shall be forever bright Then store and some have lost their

Here in this silent cavern hung. The ready, swift and tuneful tongue; If falsehood's honey is disdained, And where it could not praise was

If bold in virtue's cause it spoke, Yet gentle concord never broke, That tuneful tongue shall plead for

The above sad, though beautiful sentiment portrays a ruin wrought doubties at an untimely stage in its former owner's existence through drugs and poisons and unakilled efforts of medicine and ignorance of the divine gift that heals without wounding and restores without injury—electricity. This mysterious, though beneficent influence, as exhibited by Dr. Darrin, has averted countless ruins like those so eloquestly described above. And many a skull, "with ethereal spirit full," bears hope and love and loy within its "narrow cell," and "beauteous visions fill the spot" that drugs and drastic doses long since have made a "silent cavern," but for the saving power of this man's skill. For example, read the following card from Mrs. Patterson and others. Mrs. Patterson is a lady of undoubted integrity, whose words speak volumes for Dr. Darrin. Surely the art of curing diseases by electricity is taking the lead, and no doubt will revolutionize the practice of medicine in the near future.

Mrs. Eneros: I wish to express my thanks to Dr. Darrin through your paper. For twenty years prior to calling on the doctor, I had been afflicted with rheumatism, dizziness and general debility and many other complicated troubles. Dr. Darrin has given me electric treatment ten days and to my great satinfaction about cured me. Refer to me at 70 South Division street, Grand Rapids. Mrs. S.M. Parrasson.

Mr. John F. Bradford of 161 Sherman street, this city, tells us he is cured of rheumatism, cough and general nervous debility, also eleeplessness.

Mrs. Alice Scott, Carroll building, city, also rejoices in successful treatment for cough, catarth, asthma, weak eye sight and nervous disorders. Mrs. Scott had been under thirteen different physicians without much benefit.

We could mention others, but space will not permit.

Drs. Darrin will treat the poor freeexcept medicines-from 10 to 11 a.m. daily, and those who are able to pay will receive medical treatment at \$5 a month for each disease, or in that proportion as the cases may need; electrical, surgical and special diseases excepted. Consultation free. No cases taken if not curable or improvable. Office to 8; Sundays, 10 to 12. All curable chronic, acute, private and wasting diseases, including stricture, impotency, cancers, tumors, female troubles, irregularities and all malignant diseases treated successfully. Most cases can receive home treatment after a visit to the doctor's office. Office at 22 Jefferson avenue, Grand Rapids. The re-

duced rates will last till September 1.
